(V1)

I am alone in the darkness
Can You hear me now
Are You the same
Or are You different somehow
Can You reach me

(V2)

Can I be sure that You won't hurt me
If I let You in
Are You the same
Or are You different somehow
Can I trust You

(PC)

If I gave You my heart
If I gave You my soul
Would You take me apart
Would You make me whole

(CH)

Do You know my name
When the tears fall are You there to feel the pain
Can You reach me here
Can You give me what I'm looking for
Can You take away the fear
Can I trust You

(V3)

They say that You could come and meet me
Are You really there
Are You the same or are You different somehow
Can You love me

(V4)

If I gave You my heart
If I gave You my soul
Would You take me apart
Would You make me whole
