V1

Lord I have failed you every day that I remember
I've brought upon you shame, and tarnished your good
name

Lord how I've betrayed you, every day that I remember
But you don't seem to care, you just love me standing
here

PC1

Anyone but you, would walk away
Oh if they really knew

CH

You call my name
You call my name
You call my name
And I'll never be the same

V2

Nothing I can say, could ever make you turn away
You're constant like the ocean, refreshing like the rain

Lord, I want to take you as my saviour and my King
You don't ask to much, you just want my everything

PC2

Take what I've broken
I leave it all with you and start again

CH

You call my name - I have nothing
You call my name - I can give you
You call my name
And I'll never be the same
You call my name - I have nothing
You call my name - I can give you
You call my name
I can't take this love away

(PC3)

Every single day
I'm carried and I'm taken by the way
