(V1)

Put Your arms around, around this life of mine
And hold me for a while
I am trying to find a way to deal with this
But I don't know how

(V2)

I can't stop this pain and I don't understand
What I'm supposed to do
Nothing seems the same, my world is falling down
How can I get through

(CH)

Carry me through, carry me through this time
Now I need You, cause my world is falling down
Help me to find a way, to make it through another day
I need You here with me

(V3)

On my knees again, I have broken down
The tears begin to fall
It feels like everything is slipping through my hands
And crashing to the floor

(V4)

It seems I'm at the end and I don't have the strength
To make it on my own
So put your arms around, around this life of mine
And hold me for a while
