Open your eyes
Look up to the sky
And tell me what you see
The sun is beating down
But you turn it back around
And you shine it up to me

Ah yeah
You shine it up to me

Soak it all in
Before you begin
To face another day
It's almost time for you to go
But I thought you'd like to know
I'm with you all the way
And every time you talk to me
It's my favourite time of day

Every time you talk to me
That's my favourite time of day
Every time you walk with me
That's my favourite time of day

When you're fallin to your knees
When you're callin out to me
I hear every word you speak
Oh I love to watch you shine
I love to watch your mind
Anywhere you'll be
When it's just you and me
That's my favourite time of day

Every time you talk to me
That's my favourite time of day
Every time you walk with me
That's my favourite time of day

Lets talk about it
Whatevers on your heart
'cause that's what best friends do

I wanna know all about it
All about your life
'cause that's how much I love you

Time to close your eyes
Tomorrows a surprise
And it's only hours away
It's gonna be alright
And you're by my side
And that's my favourite time

Every time you talk to me
That's my favourite time of day
Every time you walk with me
That's my favourite time of day

Every time you talk to me
That's my favourite time of day
Every time you walk with me
That's my favourite time of day

Every time you talk
Every time you walk
That's my favourite time of day
Every time you talk
Every time you walk
That's where I wanna be
