(V1)

Stranger things they have not been seen
Than what I will relate
I was saved like it was a dream
By someone else, outside the usual state

(PC)

He's supernatural
And unpredictable
But it's a certainty
You don't have to believe, but he rescued me (yeah)

(CH)

And he's come to save us
International Mystery Man
From outer space invade us
With his superhuman plan

(V2)

I've heard the news on the radio
Of sightings all around
People rescued from their foes
When he appeared, the IMM touched down

(PC2)

One day he's coming to
Offer his help to you
You know we can depend
On the IMM
