(V1)

We all said that it was ok
To live our own way - without God
We cut the ties and we began shifting
Quietly drifting out to sea

(CH1)

Now there's no solid ground
Where is the truth to be found
We're all just floating around and around and around
Lost at sea
You and me
Lost at sea

(V2)

Lost at sea, it feels like we're dying
And we're all just trying to stay afloat
Our selfish ways are pulling us under
We're starting to wonder what went wrong

(CH2)

Now there's no solid ground
Where is the truth to be found
We're all just floating around and around and around
The waves are starting to pound
We're all beginning to drown
All I can hear is the sound of the voice calling out
Calling me
Calling me

(BRIDGE)

All around the waters closing in and washing over me
Drifting down I'm sinking to the bottom of this stormy sea
Far above I think there is a light but I can hardly see
I lived my own way
But it has all gone wrong
And now there's nothing
For me to stand upon
The consequences
For who I chose to be

They're getting heavy
Like chains all over me
And now I'm sinking
Beneath this stormy sea
I'm suffocating
But I cannot be free
Can You hear me
Can You rescue me
Cause I am sinking
Jesus won't You please save me yeah
