(V1)

When I was nowhere
You knew where that was
I never lost my way
And You were the cause
When I was no-one
Gonna end it right there
You stood behind me
I never knew You cared

(V2)

You heard my heart break
Felt the pain of my fall
You were there to save me
And waited for my call
I lived without You
Like You were not there
You never gave up on me
I never knew You cared

(CH)

Now I hear You
Now I see You
Now I understand

(V3)

I wanted everything
That wasn't nailed down
I wanted happiness
But not You around
You see my weakness
And still You're prepared
To let them nail You down
I never knew You cared

(BRIDGE)

I came to Your arms
From where I was then
Broken
You were crucified
It was for me that You died

You're my pride
Now I hear You
Now I see You
