V1

It is cold here the rain is beating down
Cruel and icy the wind is swirling around

V2

Disappointment is blowing overhead
I am frozen by the words they said

PC1,2

And so you find me wandering blindly in this driving
rain
Trying to find some way through this pain

V3

Loosing feeling I think it's taking hold
I keep on walking but I feel so cold

CH

They say that there's a place
Where it's safe and warm
Shelter from the storm inside
A house upon a hill
Your tempest turn to still
Somewhere on the road ahead

V4

Is it real or is it just a dream
All I know I left the place I've been

PC3

Can You find me wandering blindly in this winter storm
Trying to find some way to be warm

CH2

They say that there's a place
Where it's safe and warm
Shelter from the storm inside
And Hope is waiting there
Sitting in His chair
A burning love to welcome me

OUTRO

A hope for the hopeless

A peace in the storm

A love for the loveless

In winter it can be warm
