I think about you
Everyday
When I see you
You take my breathe away
When I'm with you
My skys are blue
And when I'm without you
Babe my world turns gray

Well you were there
By my side
And you were there
All those nights I cried

And I don't really need you
Anyway
And I don't really miss you
At all
You thought I'd come pull
Back your way
But I'll make it on my own
Cause I don't really need you

And I miss you
Anyway
Can't believe
How you walked out that day
Can't believe
The way I feel
And how are love
Baby was never even real

And as your white
Fades to black
And I fooled you
With a knife in my back

And I don't really need you
Anyway
And I don't really miss you
At all
You thought I'd come crawlin

Back your way
But I'll make it on my own
Cause I don't really need you

I'll show you now
I'll teach you how
I'll watch you fall
You'll lose it all
