I feel your love wash over me like a summer rain
Filling my soul and warming my heart
I love how we feel the same
In my room I dream of you when you're not around
Clearing my head, laying in bed, watching the rain
come down

And as your love makes everything
Seem much better than it was before
And so much better and so much more
Shall I compare thee to a summer rain?

Wash my pain away
Summer skies
Brings tears to these eyes

Here we are alone again on a summer night
Nothing to prove, just me and you
Is all that I need tonight
"good night, good night, good night", you whisper into
my ear
"I love you. I love you. I love you." is all that I hear

And as your love makes my heart sing
And as your love makes everything
Seem much better than it was before
And so much better and so much more
Shall I compare thee to a summer rain?

Wash my pain away
Summer skies
Brings tears to these eyes

Shattered pieces, broken hearts
Fireflies that glow in the dark
Bright lights and bright eyes
Summer rain and summer skies
Summer skies

Here we are alone again on a summer night
Nothing to prove
Just me and you

Is all that I need tonight

And as your love makes my heart sing
And as your love makes everything
Seem much better than it was before
And so much better and so much more
Shall I compare thee to a summer rain?

Summer rain
Wash my pain away
Summer skies
Brings tears to these eyes
Summer rain
Summer rain
Summer rain
Summer rain
Summer rain
