"New Best Friend"

I told you the best things come from tragedy.
It's hard to think positively when you're down.
I saw you at (I don't know what is said here) acting
passionately.
I bite everything that I see when you're around.

The very thought of you,
Tearing my walls apart.
The very thought of you,
I don't know where to start.
Do you wanna be best friends?
Do you wanna be my new best friend tonight?
And the rest of our lives.
Tonight and the rest of our lives.

I will sit in the non-smoking section for you, girl.
I'll change all of my world, to be at your side.
And I'll sit at the bar drinking soda pop with you, girl.
I'll change all of my world to go on this ride.

The very thought of you,
Tearing my walls apart.
The very thought of you,
I don't know where to start.
Do you wanna be best friends?
Do you wanna be my new best friend tonight?
And the rest of our lives.
Tonight and the rest of our lives.

Nothing I can do, girl, to make you feel so high.
Nothing I can do, girl, to make your days and nights fly
by.
And all of my clothes smell just like Camel Lights,
Stay with me tonight.

The very thought of you,
Tearing my walls apart.
The very thought of you,
I don't know where to start.
Do you wanna be best friend?
Do you wanna be my new best friend tonight?

And the rest of our lives.
Tonight and the rest of our lives.
