Look out, they're coming to get us.
Nevermind it's a false alarm.
Look down, the store is beneath you.
Nevermind, she's ???

Oh I don't ever relearn,
Listen, people, tell me,
Please stop wishin'
Please, Please, Please let me get what I want
Please, please, please let me get what I want
Please, please, please, let me get what I want,
Right now, today, right now, today.

Look up,
They've got binoculars now
And they got 'em at the corner store
They look down
And they're lookin' closer
And they got 'em for a buck ninety-nine.

I said I don't ever relearn,
Listen, people, tell me,
Please stop wishin'
Please, please, please let me get what I want.
Please, please, please let me get what I want.
Please, please, please, let me get what I want, right
now, today, right now, today.

Please, please, please let me get what I want,
Please, please, please let me get what I want,
Please, please, please, let me get what I want,
Right now, right now.

Please, please, please let me get what I want
Please, please, please let me get what I want
Please, please, please let me get what I want
Right now, today.
