Every since I got behind the wheel
The sensation that I always feel
When for searching for ale
Or that next meal
And driving mile on mile

It's into gear and away we go
It's not too fast and a not too slow
I'm trying to get to Clitheroe
But I end up in Carlisle

Ooooh
Tha's got for get sat nav
Get me down to pie shop
Tha's got for get sat nav
To buy some home brew
Tha's got for get sat nav
Get me down to pub
I Tha's got for get sat nav
Get me a Tom Tom
or some kind of other satellite tracking device instead!

"At the end of the road take the ferry"

The missus shouting in me ear
It's not that turn it's this one here
But all I want is a pint of beer
Or to get home for a nap
I come to the roundabout past the lights
Swung a left I should a took a right
The missus shouts and starts a fight
I forgot for bring the map
Ooooh
Tha's got for get sat nav
Get me down to pie shop
Tha's got for get sat nav
To buy some home brew
Tha's got for get sat nav
Get me down to pub
I Tha's got for get sat nav
Get me a Tom Tom
or some kind of other satellite tracking device instead!

"After 300 metres turn around when possible"

Theres lessons here with in this song
Tha's listened for now will not be long
When drivings right, but directions wrong
A solution there might be
You can buy a gadget for your car
It'll guide you safely near and far
Tha' can program it to find the nearest bar
And that'll do for thee

Ooooh

Tha's got for get sat nav
Get me down to pie shop
Tha's got for get sat nav
To buy some home brew
Tha's got for get sat nav
Get me down to pub
I Tha's got for get sat nav
Get me a Tom Tom
or some kind of other satellite tracking device instead!

"You have reached your destination"
See ya later
