I know you've been confused
About what kisses mean.
I you're know fine with it,
Did it mean more to me?

Dear Hollywood,
I'm warning you
The girl next door is on her way.
I never would give enough,
And I'm just not enough to make her wanna stay.
Dear Hollywood.

We've seen each other now,
Somehow it seemed more real.
I know the deed was done,
Forgot about the meal.

Dear Hollywood,
I'm warning you
The girl next door is on her way.
I never would give enough
And I'm just not enough to make her wanna stay
Dear Hollywood,
Dear Hollywood,
Dear Hollywood.

She's my model girl.
I can't choose where she lives.
Oh, she's my model girl.
I can't choose where she lives.
She's my model girl.
(Dear Hollywood.)
I can't choose where she lives.
(Dear Hollywood.)
She's my model girl.
