### "Distantly"

Moments rise, moments fall  
Only time remembers them  
Feelings come, moments end  
Memories left forever, ever

When you see me standing far  
When you think I cannot see  
Something in my stare  
Distantly

Meet in dreams, meet in wanting  
Wishing more and...  
Is this, are you still beautiful  
Distantly beautiful

When you see me...

When you see me standing far  
When you think I don't see  
Something in my stare  
As I love you distantly

When you see me standing far  
When you think I don't believe  
My eyes when I see you smile  
As I love you always distantly  
Romantically, secretly, distantly
