When I listen  
When I hear and never listen  
It makes wonder, makes me bleed

Make me see  
Make me listen, make me wonder  
Make me feel, make me dream and still remember  
More, no more, no less, no more to find

Breathe, bleeding, haunting, silently enough just to  
feel  
Escaping, missing, silently once beautiful

Make me see  
Make me listen, make me wonder  
Make me feel, make me dream and not surrender

As my voice it's silent  
And my heart it feels less than before  
And my feelings fail me  
Pretend to be lovely

Make me beautiful again  
And feel like I am special still  
And remind me how to smile  
And feel like diamonds  
Make me beautiful again  
Cry my tears and vanish them  
Whisper in my ear as I run away and hide  
Pretend to be lovely

Make me bleed  
Make be whisper, make me secret  
Make me wish  
I was never born to say this as I wait

For such simpleness  
As I hear my quiet haunting  
As I feel this silence collapses me

Make me beautiful again

And feel like I am special still  
And remind me how to smile  
And feel like diamonds  
Make me beautiful again  
Cry my tears and vanish them  
Whisper in my ear as I  
Run away and hide

Make me beautiful again  
And feel like I'm special  
And remind me how I smiled  
I felt like poison  
Once beautiful again  
When my tears were cherished then  
Whisper in my ear as I  
Disappear once beautiful
