"Beat To Hell"

I'm indestructible, I fire it,
Faster and louder, baby, deep inhale.
I'm burning down the road, I'm burning up, yeah.
I'm burning down the road, low for no game.

Beat to hell, going out, dead or alive
Beat to hell, going out, we're going out, oh, beat to hell.

Lie in the light dirt, melting steel,
To show your engine, your real deal,
I'm burning down the road, I'm burning up, yeah.
I'm burning down the road, low for no game.

Beat to hell, going out, dead or alive
Beat to hell, going out, I bet you're here overdrive,
Beat to hell, going out, the worst you've ever seen.
Beat to hell, we're going out, we're going out,
Oh, beat to hell.

I'm indestructible, I fire it,
Faster and louder, baby, deep inhale.
I'm burning down the road, I'm burning up, yeah.
I'm burning down the road, low for no game.

Beat to hell, going out, dead or alive
Beat to hell, going out, I bet you're here overdrive,
Beat to hell, going out, the worst you've ever seen.
Beat to hell, we're going out, we're going out,
Oh, beat to hell.
