I guess there is no turning back this endless road I'm
alone on,
Who knows if I'll stay straight again.
Every step I take away, the least I know of myself,
Stay away, I don't need another friend.

Don't you take it so hard now, baby,
You and I will hit the ground.
Don't you take it so hard now, baby,
I will never let you down, I will never let you down.

I was new, you're too enabled,
The world up here never sooner,
There were too many diggers to me to stay.
I'm stuck inside a memory where despair keeps on my
lips,
I don't care, so why should you, anyway?

Don't you take it so hard now, baby,
You and I will hit the ground.
Don't you take it so hard now, baby,
I will never let you down, I will never let you down.

Don't you take it now, don't you take it now,
Don't you take it now, take it,
Don't you take it so hard,
Don't you take it now, don't you take it now,
Don't you take it now, take it,
Don't you take it so hard.
Don't you take it now, don't you take it now,
Don't you take it now, take it,
Don't you take it so hard.
Don't you take it now, don't you take it now,
Don't you take it now, take it,
Don't you take it so hard.

Don't you take it so hard now, baby,
You and I will hit the ground.
Don't you take it so hard, now, baby,
I will never let you down, I will never let you down.
