[Intro]

Betcha Betcha Betcha didn't know (oh)
Betcha Betcha Betcha didn't know (oh)
Betcha Betcha Betcha didn't know (whoa ooooh yeah)
Betcha Betcha Betcha didn't know

[Verse 1]

Baby your picture's still hangin up on my wall
And I still get butterflies when I think of where u are
There are thought in the corners of my mind
I remember what it was, to be completely in love
And u told me to give my heart away, and start over
brand new
It wasn't workin between us, u couldn't love me like I
needed u to
But there are things that u don't forget, I would give my
last to get in your head
Did u know, how much I think about u? Still! (oh)

[Chorus]

I betcha don't know that you're still on my mind
I betcha don't know that thoughts of u make me cry
I know that we've moved on (moved on)
And yes it's been so long
I betcha don't know that
I betcha don't know that

Betcha Betcha Betcha didn't know (no no)
Betcha Betcha Betcha didn't know (no ooh)
Betcha Betcha Betcha didn't know (noo no)
Betcha Betcha Betcha didn't know

[Verse 2]

But it's hard to believe it's still so fresh on my brain
Some days, how ilfeel you'd think we broke up
yesterday
But now so many things have changed
Who's got your heart these days?, I wish for u the best
of everything
But still u don't understand
(Ooooh)Because I never thought I'd see the day there
was no u

(Ooooh)Was like the ending of a sad movie, couldn't
get through
And there are so many things that u don't know about
me
Still in the morning makin coffee got my sweet brew tea
This is what I think about, and my thoughts if they ever
came out
They would say...

[Chorus]

I betcha don't know you're still on my mind (on my
mind,don't know that..!)
I betcha don't know that thoughts of u make me cry
I know that we've moved on
And yes it's been so long
I betcha don't know that
I still got your picture and I'll never get over u

[Bridge]

U thought that I was so unmoved
And thought I didn't care (care)
U could still call me, sometimes just to say hello
I know that you've assumed (ooh)
That I'm still mad at u (Oh ooh)
There was a memory, you're still apart of me (oooh)

Baby if u ever wonder...
Betcha Betcha Betcha didn't know
Betcha Betcha Betcha didn't know
So do u wonder?
Betcha Betcha Betcha didn't know
I still think about u did u know?
Betcha Betcha Betcha didn't know

[chorus]

[Ad libs until end]

(Whoa ooh whoa! You're still on my mind, Whoa ooh
oh,
Yeah u made me cry,moved on, so long!U don't know
that!
Whoa ooh whoa you're still on my mind, oh mind! U
know
u make me cry, so long yeah)

Baby your picture's still hangin up on my wall
And I still get butterflies hoping that u might call....
