I'm sober like a sunday morning mass  
Liars are lying to themselves  
I'm lost, oh i'm losing everything  
I'm wasted, i can't keep the night from falling down

To recreate the scene  
Or reinvent the meanings  
'cause all that shit, it means nothing  
You just take it as it comes  
And let it all fade away  
And all those times you felt something  
But your heart was on the run  
So it goes, so it goes

I'm lonely like a lazy weekend  
My feet never touch the ground  
I'm drunk, oh i'm drinking everything  
My face has blossomed like a flower now

To recreate the scene  
Or reinvent the meanings  
'cause all that shit, it means nothing  
We just take it as it comes  
And let it all fade away  
And all those times you felt something  
But your heart was on the run  
So it goes, so it goes

Somewhere along the way i lost my destination  
And then i ended up yeah in a thousand different  
places  
Where is home tonight?  
Maybe we'll be somewhere by morning  
We're never anywhere, we're either coming or going

Yesterday means nothing to me  
We gotta move on, there is no other way  
Yesterday is nothing but a dream to me.
