I'm as wasted as my time spent sitting idly by drinking
in this shithole
while you all went on outside.
It's a great day to fall asleep,
it's a kick-ass day to dream
that I'm still capable of saying what I mean.
The times are changing but we all stayed the same.
We faded and faded and now nothing remains.
So as we breath out last breaths and kiss our
goodbyes,
remember us buried alive.
I'm as wasted as these city blocks,
these Blockbusters and parking lots.
I'm as faded as a parking space,
sealed up to see what rots...Hold on!
This ship is sinking and I don't know what to do.
If we die in fire and water then I want to be with you.
Oh captain, my captain,
I fought hard until everything was lost.
No fortune did I seek.
Remember, remember, remember us buried in the
deep.
