I don't really love you,
I don't really love you,
I don't really love you.
Stupid situations, my (something)
I don't really love you.

Sick of complaining about the way it should be,
You never were the one for me.
We never see eye to eye,
And now I think that's the reason why.

And there's me and you,
Don't want to think about it.
And there's you and me,
Don't want to hear about it.
We both disagree,
And that's why I think I should say:

I don't really love you,
I don't really love you,
I don't really love you.
Stupid situations, my (something)
I don't really love you.

(something)
Can't have a good time, it's always her fault.
For me its time for me to take the (something)
'Cause you won't be leaving with me.

And there's me and you,
Don't want to think about it.
And there's you and me,
Don't want to hear about it.
We both disagree,
And I think that's why I should say:

I don't really love you,
I don't really love you,
I don't really love you.
Stupid situations, my (something)
I don't really love you.

I don't really love you,
I don't really love you,
I don't really love you.
Stupid situations, my (something)
I don't really love you.
