I know a lot of girls,
But none of them would compare to you.
They got a hold of it,
But you're the one I will never let it go.

So, if it's time for me to ask out,
I have to pick and choose.

I don't wanna go out with anybody,
It's something that I can't do.
I don't wanna go out with anybody,
It's gotta be you.

Too much stuff is going on
But now you know I had a lot with you
We could watch TV,
Or (something)

So, if it's time for me to ask out,
I have to pick and choose.

I don't wanna go out with anybody,
It's something I can't do.
I don't wanna go out with anybody
It's gotta be you.

But if it's time for me to ask out,
I have to pick and choose.
You know that I'm gonna choose you.

So I don't wanna go out with anybody,
It's something that I can't do.
I don't wanna go out with anybody,
It's got to be you.

I don't wanna go out with anybody,
It's something that I can't do.
I don't wanna go out with anybody,
It's got to be you.
