What you see's what I got
But you're all that I'm not
Write a song, catch a break
I've had all I can take
But you say go
And I don't know
What is keeping me in tune
It's you
Can I tell them the truth
And then keep my cool?
Play the melody right
And make all the words rhyme?
It's you coming over me
I need you singing over me
It's true, you are what I need
I need you singing over me
