

The Less "Attention"

Clear my head up
I will do anything
Been here before and
I need something more
I don't want to take
The back seat
Drive me closer
Will you answer me?
Been so defined
By this life and I find
It makes me want to scream
Making my lungs sore
To get more
Of your attention and
This is my desperation
Been feeling so low
I need you
To break the tension and
Be my motivation
Clear this life up
I'm losing energy
Taking the fall isn't easy at all
I accepted mediocrity
My heart's heavy
Stretch out my hands to you
Don't turn away because
I need you today
Like a desert needs the rain
It can be so hard to find you
I think it starts inside of me.
