27 days without you
27 days and counting
waves of disappointment are mounting
quiet moments feel like im shouting
knew that you'd be leaving without me
kills me that you're happy without me
innocence was lost
such a fucking curse
but still i hope you're thinking about me
oh i wish that you were here
oh i wish that you were here
dont i wish that you were here
to keep me by your side
to keep me by your...
never coming back but im waiting
celebrate i'm yours for the taking
breathing out of sheer desperation
missing everything i've forsaken
soaking up the endless apologies
suffering was simply a part of me
now you're out of sight
you're out of mind
but still you know that im your property
