You know I'm your friend, I'm your friend  
But sometimes, you know, I have those thoughts  
I feel guilty every time I have a dream  
Because we are friends, and we respect them, don't  
we...

I've slept with some friends, now they're not my friends  
I can't see them now without feeling bad  
I feel guilty every time I have a dream  
You know I'm your friend, I cherish a friend  
But sometimes, you know, I have those thoughts...

Everybody wants to be my sister  
Everybody wants to be my sister  
Everybody wants to be my sister  
And I have to let them  
Sometimes I wonder what's wrong with me...

You know, we talk about whatever comes to mind  
With one exception, and that's you know what  
Just like in the movie where Frankie says  
"Now, I'm a boy, and you're a girl."  
Don't you feel an attraction to me, I mean physically...

Everybody wants to be my sister  
Everybody wants to be my sister  
Everybody wants to be my sister  
And I have to let them  
Sometimes I wonder what's wrong with me...

A day will come when we two friends will be in love  
Yeah, I'll love you and you'll love him  
You'll move away and haunt me in my old secret dream  
But we were good friends and I'll remember  
I'll remember when...

Everybody wants to be my sister  
Everybody wants to be my sister  
Everybody wants to be my sister  
And I have to let them  
Sometimes I wonder what's wrong with me...
