"Fifteen Again"

Let me break out of this life i'm living
i want to see the world i want to fly
this everyday routine shit bores me to death
i just want to drive
fifteen again
i ride along with all your bad decisions
feel like i have no choice but to say yes
too often i get stuck in the back seat
and i'm really sick of it
fifteen again
everytime i try
to get out of this place
everytime i try
something gets in my way
everytime i try
the road that leads is just out of reach
you never even ask me what i'm thinking
even though i'm quiet i'm still there
just because i don't say anything
doesn't mean that i don't care
fifteen again
chorus
