He's not a boy that you can change  
Nor should you want to  
He's not a boy that you can tame  
Don't let it taunt you  
Don't even try to run away  
He wouldn't stop you  
He's not a boy that you can shame  
I know you want to

You can wait all night  
You can wait all day  
But he's not a boy that you can change

We were up all night  
Talking trash and wasting time  
When he says you're beautiful  
It's not a lie  
But in the morning you might find  
That he might've changed his mind  
He can only fall in love  
For just one night

He's not a boy that you can change  
Nor should you want to  
He's not a boy that you can tame  
Don't let it taunt you  
Don't even try to run away  
He wouldn't stop you  
He's not a boy that you can shame  
I know you want to

You can wait all night  
You can wait all day  
But he's not a boy that you can change

Even when he lies, he means every word he says  
His delusions find their way  
Inside your head  
And he knows that beauty lies  
But he likes it by his side  
Just to take it for a ride

Til the mystery dies

You may say  
"Why don't you realise  
I could give you everything?"  
But you see he can't be tied,  
Contained, or satisfied by all  
You could bring

He's not a boy that you can change  
Nor should you want to  
He's not a boy that you can tame  
Don't let it taunt you  
Don't even try to run away  
He wouldn't stop you  
He's not a boy that you can shame  
I know you want to

You can wait all night  
You can wait all day  
But he's not a boy that you can change  
He's not a boy that you can save  
He's not a boy that you can change
