I wanna grow  
roots in your ground  
make myself known  
shout it out loud  
i feel a change  
change coming soon  
captured escaping  
making to bloom  
don't wanna be your friend  
i wanna be your firecracker  
better than all the rest  
i wanna be your firecracker  
i want to look  
deep in your eyes  
like it's a dream  
like the first time  
i feel a change  
change in the mood  
anxiously waiting for  
you to come true  
chorus  
can you bring me love, i'll bring you flowers  
can you bring me something to devour  
can you, yes you can, yes you can  
i want you to know  
how much you mean to me  
the way you glow  
like you're sixteen  
i feel a change  
change coming soon  
i'm gonna take you when i  
go to the moon
