Ask me if i care to
hear anything you say
and i'll tell you that i
i hear everything
take your time
i'm in a day dream
don't ask why
i'm in a day dream
i don't mind
i'm in a day dream that's why
late night bike ride, i'll go
anywhere i like
don't know, cold night, don't care
i just like to ride
chorus
ride...ride...ride
chorus
sunday evening, afternoon
that never ends
lay down outside, smile while
life just passes by
