Watch out!
The end is coming and now it is almost here
Look out!
They're starting to enter into the atmosphere
Watch out!
Our world's about to be the target of attack
Look out!
There's no more time, it's too late for us to fight back

It looks like we're all gonna die
Target Earth
It's a countdown to the end of the world
Target Earth
It's a countdown to the end of the world
Target Earth
It's a countdown to the end of the world
Target Earth
It's a countdown to the end of the world
Target Earth
