It's the ancient tale of the evil chinaman,  
That crossed the sea with his gun and secret plan  
To take over the USA, he's gonna try it again today  
He'll turn the whole world into China if he gets his way

It's the ancient tale of the chinaman man,  
That crossed the sea with his gun and secret plan  
Well the east tries to beat the west and it doesn't  
matter who's the best  
He's the oriental armageddon that'll lay the whole  
world to rest

Chinaman , machine gun in his had  
Chinaman, crossed the sea with a secret plan  
Chinaman , machine gun in his had  
Chinaman, crossed the sea with a secret plan  
Ch-Ch-Chinaman
