Anything could happen as we make our way home from
the club

We could both be flattened by a Double Decker city bus

Otherwise a perfect night

If were not dead before it ends

We could live forever

But we'll never be this young again

Don't you worry

Don't think about tomorrow morning

What's your hurry?

Just focus on tonight

Don't you worry

Don't think about tomorrow morning

.....Just focus on tonight

We could fall in love & trade this city for a change in
pace

Find our slice of paradise & name our babies hippy
names

Maybe we'll both hate each other

Shitty sex in separate beds

We could get restraining orders

Vow to never speak again

Second thought

Lets not say names

I'll just be me & you be you

To perfect strangers

Being sneaky with a flask of booze

No need to think up any clever pick up lines to use

I've got a stack of records

You just bring your dancing shoes...

Cause tonight

I'll drop the needle

Pop a bottle

Sit back

And just watch you dance

Tonight
I'll drop the needle
Pop a bottle
Sit back
And just watch you

Don't you worry
Don't think about tomorrow morning
What's your hurry?
Just focus on tonight

Don't you worry
Don't think about tomorrow morning
.....Just focus on tonight
