We'll end up numb from playing video games
And we'll get sick of having sex
And we'll get fat from eating candy
As we drink ourselves to death
We'll stay up late making mix tapes
Photoshopping pictures of ourselves
While we masturbate to these pixelated
Videos of strangers fucking themselves

We are very busy people
We are very busy people

There's crusty socks and stacks of pizza boxes
Making trails straight to the bed
And when we're done sleeping we'll stay busy
Dreaming of the things we don't have yet

Well there's a long, long list of chores
And shit to do before we play
Oh let's just piss away the day
Crank call the cops down at the station
Just for friendly conversation
Requesting songs they never play
Let's hear the one that goes like

We are very busy people
We are very busy people

But we've always got time for new friends

So come on over and knock on our door
It's open, what's ya waiting for
We might be spawled out on the floor
But we still make lovely company
Pull up a chair, I'll pour some tea
We'll shoot the shit 'bout everything
'Til you get sick of politics
And flip on the tv screen
We stare at the tv screen

that Donnie Darko DVD
Has been repeating for a week

And we know every single word

I've got an iPod like a pirate ship
I'll sail the seas with fifty thousand
Songs i've never heard
All the best of them go
fa la la la la la la la...

We are very busy people
We are very busy people
But we always have time for new friends...yeah
fa la la la la la la la...
