Make Sure it fits you right, the dress you bought from  
the ball tonight  
Make over, Shine so Bright like the sleepless city lights  
Every Diamond sparkles naturally  
Dance floors waiting for us to be  
Properly informed

Damn, Now you keep them awake  
In every move that you take  
Makes them spinning it round and round, round and  
round and round

Closer by the light and get a little bit attention  
Make her see the sign and get a little bit attraction  
Everyone needs someone to agree  
Dance floors waiting for us to be  
Properly informed

Damn, Now you keep them awake  
In every move that you take  
Makes them spinning it round and round, round and  
round and round

Damn, Now you keep them awake  
In every move that you take  
Makes them spinning it round and round, round and  
round and round

Wooh, wooh, wooh...

Damn, Now you keep them awake  
In every move that you take  
Makes them spinning it round and round, round and  
round and round

Damn, Now you keep them awake  
In every move that you take  
Makes them spinning it round and round, round and  
round and round

Closer by the light and get a little bit attention  
Make her see the sign

A little bit of this, a little bit of action

Wooh Wooh Wooh a little bit of this...
