

The Little Mermaid "Let's Play Princess"

Visit "[Let's Play Princess](#)" on MotoLyrics.com

There's a special place where dreams come true
In a kingdom far away
Where a little mermaid calls to you
Please come on out and play

Let's play princess
Splashing around and around
Let's play princess
Sharing the treasures
And happiness we've found

What a feeling
Having a great time
Swimming through caves
Even riding the waves

Let's play princess
Making some wonderful friends
Let's play princess
In our magical world
Adventure never ends

What a feeling
Laughing and singing
All that we do is exciting and new
So let's play princess
The whole day through
(Let's play princess)
Come on, let's play princess
The whole day through
