Take a moment to look back where it started
When everything you take for granted
Is everything that keeps you stranded here
Take a moment to look back where it fell through
When it was not so scary
Just temporary

Now that's over
Now everything you ever wanted has been pushed
aside

You're face down - broken glass
Waiting for this time to pass
Reckless and underclassd
Hoping this will never last

Feeling dormant, struggling inch by inch
Breaking open; watch me give in again
See the cut up hands of this broken man
Weighing me down, but

Weakened knees; I'm trembling
Pushed aside; I'm failing
Wipe this sweat from my brow
I'm still waiting here
