Maybe when you get back on the ground and your head
stops floating
You will realize, take a look around and you'll see
what's been forming
Maybe when you get back on the ground you'll see it
before me
Turn it inside out and upside down you'll see what's
been forming

Now, will you break down?
Will you break now, or will you step up to me and fight?
Now, will you shut down?
Will you break now, or will you turn your back on me
and lie?

Let it slide, let it slide
Hold your head up and start it over
Let it slide, let it slide

We're not covering up a crime
We're not saying that we're divine
We're not wasting any time
Why don't you just go back in time?

The skin beneath shines through
As you slowly deceive the ones around
Holding tightly
Only what you will keep to yourself
Hold it tightly, only what you will
Unwound completely, nothing left to steal
Step up slowly, only if you will
Keep to yourself
Let you know that you can...
