

## The Lk "Happy, Happy"

There's a fight inside a house  
Maybe someone's cheating  
And the other one's beating up a hole  
In everything  
Oh, but you don't know because you're out there  
burning a flag

Happy happy I'm a toy  
Horse without a jockey  
Take me anywhere I don't care if it hurts  
Day is turning inside out  
There's a fan in your room  
Airconditioning a way  
Down

Yellow fish are swimming by  
And the babies on the screen are making fun of you  
and me  
And we don't have to, have to try  
Oh, you made it back  
And I don't need anyone else

Happy happy I'm a toy  
Boat without a sailor  
Take me anywhere I don't care if we sink  
Day is turning inside out  
There's a fan in your room  
Airconditioning a way  
Down,  
Down,  
Down
