I want a rooftop full of purple raindrops, there is a secret way.

He stands in the hallway in striped-up pajamas, it happens all the time.

The clock says it's over but she's got the flame now, Do you know what is done?

Heard they found you locked inside, summer-dream's that winter raped.

We shared make-up in the lake, found my way back home.

Back home, back home, back home

Your smile is too late insomnia around you, never saw the trees.

No-one seemed to notice we whispered stuff together, asleep on the floor.

Well I'm not afraid now, I'm not afraid now.

Lets get the keys and go!

Gooooooooooooooooooooow.

Gooooooooooooooooooooow.
