She's too much for me
If you met her you would know what I mean
She's too much for me, yeah
If you met her you would know what I mean

We didn't exactly get off in the right foot
In fact, you could say we stumbled on the left
The first time I met you at the station for a date
I turned up two hours late

She's too much for me
If you met her you would know what I mean
She's too much for me, yeah
If you met her you would know what I mean

Next time we met things were running smoothly.
She was different like no other
I think she was tryin' tell me something
She had I had to sleep on the sofa

She's too much for me, yeah
If you met her you would know what I mean
She's too much for me, yeah
If you met her you would know what I mean, yeah

You're too much girl

She's too much for me, yeah
If you met her you would know what I mean
She's too much for me, yeah
If you met her you would know what I mean

But now I thought things couldn't get much worse
But that's where I was wrong
She got drunk and hit me 'round the head
I wish I was home in bed

She's too much for me, yeah
If you met her you would know what I mean
She's too much for me, yeah
If you met her you would know what I mean, yeah

You're too much girl
You're too much girl
