If you are under 30 and you're totally cool, then you
absolutely know these guys
The Lonely Island

From their album Incredibad, please welcome The
Lonely Island!
Incredibad, this is just a blast
This in my pants, lazy Sunday, Nadia
No doubt these fuckers, those two
The Lonely Island, fuck yes
The Lonely Island, they're the truth because they speak
for the people!

There's no way I'll let my kids listen to it
They're Satanists and they should be boycotted!

Around the country today, citizens bring any known
Lonely Island paraphernalia

Now here they are, the first men to become pregnant!

Ah, leave up out the crew
The Lonely Island, the 47th president of these United
States!

And today as The Lonely Island was beaten to death
with their own dicks
Outside an Old Man Strip Club

I see thousands of people, lining up to desecrate the
bodies

We're on the street, I see at least 300 already defiling
the corpses
And there are thousands in all the fearsome moments
Oh my God, The Lonely Island are alive

They're removing the fans from their various cools and
heading back into the studio

The Lonely Island will continue to entertain us

After experiences like this
God only knows what they will create
