[Andy:]

Oh, it's been a long time coming  
Two of the world's greatest  
America's Sweetheart, Ms. Reba McEntire  
(Yeah, yeah, how you doin', Andy?)  
We 'bout to take it to the top  
Hit 'em, Reba

[Kenan:]

Haters in my face try to keep me down  
But you know we keep on shining (Here we go!)  
Two crazy big stars from opposite worlds  
'Bout to set this track on fire  
(Yeah, she's the queen of country)  
He's a comedy prince  
Makin' something out of nothing  
(We hooked up in the studio to make this song!)  
But as usual we ended up fucking (No doubt!)

[Andy:]

Flashback to when I first met Reba  
Sitcom dressing room, puffing on cheeba  
I said I was a fan, she said "groovy"  
Dropped her denim skirt and said, "hop to it"  
Made love all night (More like we fucked!)  
Kids banging on the door, tryna interrupt  
But them autographs can wait  
Cause this is way too strong  
I can't leave it alone  
Because her pussy's the bomb

[Kenan:]

Well my pussy is the bomb and that's a fact  
But these n-words keep on tripping (Okay!)  
So I stay on my grind and drop these hits  
Cause I can't go back to stripping (I'm Reba!)

(You're my undercover freak)  
And you're my best friend, but our families don't  
approve  
(That's right 'cause I'm a city boy)  
And I'm a country girl

And I'll never leave your sweet balls blue

[Andy:]

Ay, because a girl like Reba's got just what I need  
With big, broad shoulders and a red ass weave (And a  
penis)  
Hot damn, she fly  
All she wanna do is fuck me  
I'm a lucky guy (I'm a guy too)  
My friends think I should dump her  
They say she's a man who found a wig in a dumpster  
(Your friends are smart)  
Naw, Rebs, they're just jealous cause I'm dating a star  
Instead of hanging with the fellas (Hanging like my  
nuts)  
Word up, they're just liars  
They can't believe that I could pull Reba McEntire

[Kenan:]

Since I came out my mama's butt  
I knew I was destined for greatness  
I looked in a dumpster and saw a wig  
And thought, "Hey brother, I'm gon' take this" (Tell 'em,  
Reba!)  
So I put it right on and took a stroll  
Right over to 30 Rock (SNL!)  
I saw Andy Samberg and he thought I was Reba  
And I made him suck my dirty cock

[Andy:]

So there you have it  
Two worlds collide  
We the new Bonnie and Clyde (Reba!)  
From haystacks to Maybachs, our love will survive  
For Reba I ride, 'til the day that we die (I'm Reba!
