(Jorma) Hey yo, new Lonely Island, 2011, let's get 'em
Kiv!

(Akiva) Hey yo my dick don't work, that shit is soft as a
pillow,

My girly lookin' at me like

You for real dude?

(Jorma) Hey yo, hold up, hold up. We gotta come
harder than that. Yo, tell 'em Andy...

(Andy) I think there might be something wrong with my
dick,

It's like a melted stick of butter

So soft that it can't fill a rubber

(Jorma) Hey yo, come on man, this is Lonely Island.

People are countin' on us. I gotta write all these
motherfuckers myself-

Hey yo, I think I broke my dick in the sink,

It's so small and ugly,

All smashed and flat like it was playin' rugby,

Hold up, hold up, this is serious. Kiv, let 'em know.

(Akiva) Yo for real though, I suffer from stinky dick

Every time I take a piss it smells just like shit

(Jorma) Ha ha, yeah, that's what I'm talking about.

Andy, show 'em how it's done.

(Andy) My dick looks like the fat that you cut off a
steak,

Smashed in like my balls went and stepped on a rake,

(Jorma) Lonely Island, Grammy-nominated, yeah! Hit
'em again.

(Akiva) Yo, straight out the box with my soggy little
shrimp,

I was an eight year old girl before the doctor found my
dick.

(Jorma) We make too much money for this shit! Murder
music...

(Andy) I shit the bed cause my dick played a prank on
my butt,

Straight crept when I slept and stuck a laxative up!

(Jorma) Depository music! What y'all know about
incontinence?

(Akiva) I got Hepatitis C from a horse, but no confusion,
It wasn't from the sex, it was the blood transfusion!

(Jorma) What?! Motherfucker got horse blood! What y'all got?
(Andy) I write freaky fan-fiction where cartoons fuck!
Got CGI Garfield licking Marmaduke's nuts!
(Jorma) Wooo! I would like to see that! This that
Garfield sex music! Now y'all just showing off! Preach.
(Akiva) I got a friend named Reggie who lives down at
the dump,
Every other week I swing by to bring him some lunch!
(Jorma) Oh! Now that just sounds nice! Imma call it
right there. Game over, motherfuckers. Lonely Island,
we started this fake-rap shit. The world needs us!
