Our new set can talk and think  
I'm upset it was so hard to train  
Our old set was quite a bore  
We yelled at it  
But it didn't hear  
My new friends have messages  
They reach me wherever I am now

Everything is talking everything  
Everything is talking everything  
Everything is talking everything  
Everything is talking everything

Nameless friends all know my name  
They know me  
They help me  
Our new set is a good set  
It's a big set  
A really big set

Everything is talking everything  
Everything is talking everything  
Everything is talking everything  
Everything is talking everything

I'll miss the way she says  
I'll miss the coughs  
I'll miss the appointments  
I'll miss the shows  
I'll miss the eyes low  
I'll miss the change  
I'll miss the change

My bank is hip hop jazz  
They're too street  
I don't get it  
I won't eat a machine  
But what if it asks me  
What if it says my name

Everything is talking everything

Everything is talking everything  
Everything is talking everything  
Everything is talking everything
