A subtle whistle-wind, the dusty old truck.  
By the trees on the streets.  
Blow like space mountain ridin.  
The spanish hold me down back there in at Disneyland.  
And some new mexico football team and.  
The way that you dressed with your clothes too big  
I can't believe that I didn't think of that  
What you did to me, I can't forgive  
But you wouldn't think of that

Lesson learned, take it back.  
Lesson learned, take it back.

He's found this girl a home, she'll wait for eternity.  
Just to wear his clothes and practice recipes.  
Theres chance I got, I told him to buy me a drink.  
And I'll say, "Hey I'm sure she's very pretty."  
Don't you get lonely and bored sometimes?  
She doesn't even know you anymore.  
How do you know she's at home?  
Didn't you say her best friend looks over her?

Lesson learned, take it back.  
Lesson learned, take it back.

(guitar solo)

Lesson learned, take it back.  
Lesson learned, take it back.

But I've got my lesson learned, I'll take it back.  
(I've got my lesson learned. I'll take it back)  
Oh, I've got my lesson learned. I'll take it back.
