Don't tell me.
You're done for.
I don't need to hear.
You're done for.
You can tell me what you are running from.
I need you.
More than you need you.
I can see you're really really running.
May I ask you where you gonna run to?
And you think you're really really funny
well i don't think you're as funny as you do
We all feel like we're breaking sometime.
But I won't let you go tonight.
Stay awake.
Stay awake survive.
I've got nineteen stars that I.
Gave your name.
Tonight.
I wanna scream.
Wanna scream your name.
Star light, star bright, can save.
You're my wish tonight.
Don't tell me, it doesn't matter
I'll tell you.
What matters.
Bare feet in the summer.
Open windows at night.
You think that no one needs you.
You have nothing to see through.
Well I needed you.
Don't I count?
Lets fight.
Show me anger.

Fierce fists clutching onto air
Show me anything
Just show me you care
Stay awake.
Stay awake survive.
I've got nineteen stars that I.
Gave your name.
Tonight.

I wanna scream.
Wanna scream your name.
Star light, star bright, can save.
You're my wish tonight.
No one can catch me.
The way that you catch me.
The way that you keep me when I'm out of time.
What if I need you?
What if I can't see you?
And I'm running out of life.
No one can catch me.
The way that you catch me.
The way that you keep me when I'm out of time.
What if I need you?
What if I can't see you?
And I'm running out of life.
Please,
Stay awake.
Stay awake survive.
I've got nineteen stars that I.
Gave your name.
Tonight.
I wanna scream.
Wanna scream your name.
Star light, star bright, can save.
You're my wish tonight.
