"Fade"

I woke up with a dream
Covering my eyes
Thinking it was true
I thought I heard
You calling

Another rainy day
For my rainy eyes
I miss you like the sun
Can I take you home with me

Is there something
Between you and me
See there is something
Killing you and me

Can't you see we're falling again
Take my hand and save me from the pain
Break the chains and run here
But don't fade - don't fade away

Baby we're the sound of every moment here
But if you touch the ground
It just keeps on turning
We don't have so much time
We're not meant to stay
But give me just this moment
Please don't fade away and

See there is something between you and me
See there is something killin'

Do you see my face in your nights on sleep
Do you dream my life or are you cold as ice
Then go back to sleep and forget my name
Or scream it out in the rain!
