Now baby hold me tight
I know nothing is right
I have to go
Believe I'm only a ghost
Believe I'm in the past
Go
Ah touching me
Ah do you feel
Ah eternity
Ah
Tomorrow you'll hear the call
They're never gonna get your love
Tomorrow you will be the one
My angel you will be the sun
In the rain
In my cold and rainy days
When I'll be old and grey
I'll see you there
My angel in the rain
And I will feel the same
Love...
Tomorrow will never come
They're never gonna get your love
Tomorrow you will be the one
My angel you will be the sun
In the rain
